COMPANIA NATIONALA DE INVESTITII - C.N.I. SA **Adresa:** Piata Natiunile Unite nr. 9, bl. 107, Bucuresti, Bucuresti, Romania**Telefon:** 021/316.73.83, 021/316.73.84, 021/316.73.81**E-mail:** office@cni.com.ro**Web site:** www.cni.ro**Domenii:** Investitori institutionali**Descriere**

Programele Companiei Naționale de Investiții vizează construcția de săli de sport, consolidarea și reabilitarea sălilor de sport, construirea de bazine de înot și de patinoare artificiale, precum și construire și reabilitare de așezăminte culturale.

Prezentare**CNI: Planul de reorganizare al MDLPA nu afectează activitatea de investiții****Manuela Irina Patrascoiu****Funcția/Institua:** director general, Compania Nationala de Investitii;**Experiență profesională:** 23 de ani in domeniul constructiilor si lucrarilor publice.

Proiectul de act normativ pentru reorganizare, demarat la nivelul Ministerului Dezvoltarii, Lucrarilor Publice si Administratiei (MDLPA), nu vizeaza activitatea investitionala a Companiei Nationale de Investitii, astfel ca modul in care institutia implementeaza programele de investitii nu a fost afectat. CNI isi desfasoara, in continuare, activitatea conform atributiilor legale si angajamentelor asumate fata de beneficiarii obiectivelor de investitii. "Ritmul de lucru este mentinut, iar proiectele continua sa fie coordonate si derulate cu aceeasi responsabilitate si implicare. Ne concentram in permanenta pe eficienta, transparenta si respectarea termenelor, astfel incat investitiile publice sa produca un impact real in comunitati, indiferent de procesele administrative care se desfasoara in structurile de coordonare", a declarat Manuela Irina Patrascoiu, directorul general al CNI. Printre programele Companiei se numara construirea de sali de sport, complexuri sportive, bazine de inot, patinoare artificiale, sali de cinema, consolidarea si reabilitarea salilor de sport construite inainte de anul 2000, a drumurilor de interes local si judetean si a asezamintelor culturale. In continuare, Manuela Irina Patrascoiu detaliaza programele derulate la momentul actual si puncteaza dificultatile in desfasurarea operatiunilor curente.

- Care sunt criteriile dupa care vor fi prioritizate proiectele in 2025 si ce se intampla cu obiectivele care nu se incadreaza in aceste criterii?

- In ceea ce priveste criteriile de prioritizare - atat incheierea de noi contracte de executie lucrari, cat si decontarea lucrarilor si utilizarea creditelor bugetare alocate in anul 2025, acestea sunt clar exprimate in cele doua hotarari de guvern adoptate in acest an, respectiv HG nr. 43 din 13 februarie 2025 privind stabilirea criteriilor de prioritizare pentru proiectele de investitii finantate prin Programul national de constructii de interes public sau social, derulate in anul 2025, si HG nr. 268 din 20 martie 2025 privind stabilirea criteriilor de prioritizare pentru incheierea in anul 2025 de catre CNI a angajamentelor legale aferente procedurilor de achizitie publica derulate pana la sfarsitul anului 2024 si pentru care nu s-au incheiat angajamente legale, precum si aferente procedurilor de achizitie publica care se finalizeaza in anul 2025 si care au ca obiect proiecte de investitii finantate prin Programul national de constructii de interes public sau social.

Astfel, pe domenii de investitii, prioritizarea se face in functie de importanta obiectivelor, conform procentelor stabilite astfel: 25% pentru domeniul de Investitii Semnificative, 15% pentru domeniul Educatie, care cuprinde proiecte din Subprogramul "Unitati si institutii de invatamant de stat", 15% pentru domeniul Infrastructura edilitara, care cuprinde proiecte de investitii din Subprogramele "Lucrari in prima urgenta", "Drumuri de interes local si drumuri de interes judetean" si "Fose septice, microstatii de
